Feb-Mar Birthdays

While school was not in session on Friday, February 16, teachers had a day of learning. It was a good day!

1. We worked on updating our progress on the long-range goals that we developed after our Accreditation visit from the diocese last year. We were pleased with the goals that we had already accomplished, but made plans to work on future goals that we had set.
2. We worked on setting next year's calendar
3. Teachers chose an online professional development module that they completed independently.
4. We participated in a Spiritual Study on the **Marks of a Catholic School** and discussed how we were doing according to those standards.
5. We talked about curriculum needs for the future

We are very busy during each school day, so it is nice to have a day set aside to collaborate with fellow staff and to seek ways to improve ourselves professionally and spiritually.

On Thursday, Ammie Wire & Heather from Hedrick Medical Center came to Bishop Hogan to conduct vision screenings and physical exams. All students that intend to participate in sports next year (4-8th grade) are required to have a physical exam, so we appreciated Hedrick Medical Center providing this free service for Bishop Hogan students!!

May this season of Lent strengthen your faith,
Pam Brobst, Principal

Fruit
Milk

Students from Grand River Technical School SkillsUSA came to BH to speak to our 3rd grade students on the correct way to brush their teeth & on overall proper tooth care.

These HS students will be going to district competition soon .

In Mrs. Kim & Charity's Preschool class they were getting to make their own quesadillas. Pictured to the right are Griffin Allen & Dean Horton working hard on theirs.

Mrs. Pauley took the time to speak to Mrs. Chastain's 2nd grade class about how important community service is in our area. She does prison ministry & volunteers at Birth Right, BH, and at her church.
