

JANUARY 09, 2026

Bishop Hogan Memorial School

A Golden Opportunity

From the Principal's desk...

We were excited to welcome our students and staff back to school following the Christmas break! It was a joy to once again have our classrooms filled with energy, enthusiasm, and a spirit of learning. As we begin this new semester, we ask God's continued blessings upon our school community

On January 6, our school gathered for a prayer service and Epiphany blessing led by Father Koster. During the service, Father offered prayers that all who enter our school may be guided by Christ and blessed with health and love. This meaningful celebration reminded us of Christ as the Light of the World, present in our school and in all that we do.

Your child should have brought home their second quarter grade card today. It's hard to believe that we are beginning the third quarter already!

Basketball practice begins for our fourth and fifth grade boys and girls this upcoming week and cheerleading practice will soon follow! Thank you to our coaches that make this possible!

May God continue to bless you!

Pam Brobst, Principal

January Birthdays

Mildred Hays	Jan 10
Claire Clark	Jan 10
Pam Brobst	Jan 20
Jack Jeschke	Jan 22
Cecelia Marcolla	Jan 25
Elena Walter	Jan 28
Adelyn Walter	Jan 28

 Milk

Mrs. Kim's preschool class did a snowman curriculum this week. They made donut snowman for snack. They melted snowman with glue & shaving cream for craft & homemade snow for their fine motor activity. The melted snowman craft came from the Sneezy the Snowman book. (photos above & to left)

Happy New Year from Mrs. Chastain's 2nd Grade class! Some goals that the students have for 2026 are: "enjoy every moment of school, don't be in a rush, be a good listener, and be kind".

5th & 6th Grade Social Studies

This week, 5th and 6th grade Social Studies students began an educational program run by the School of Economics, which culminates in a field trip on February 6th. The School of Economics in Blue Springs, Missouri is a nonprofit educational program that provides students with a hands-on learning experience focused on economics and financial literacy. It serves students by extending classroom learning into an interactive environment where students learn by doing.

During our visit to the School of Economics, students will participate in a simulated marketplace where they take on jobs, earn income, pay expenses, and make financial decisions. Through these activities, students learn important concepts such as supply and demand, budgeting, saving, and entrepreneurship. The program also emphasizes teamwork, responsibility, and problem-solving as students work together and interact as consumers and business owners.

This engaging experience helps students connect social studies and economics concepts to real-life situations, making learning meaningful and memorable. Many Bishop Hogan students find the program to be a highlight of their school year, as it builds confidence and practical life skills while reinforcing key academic standards taught in 5th and 6th grade social studies classes.

Mr. Sean Sensenich
