Empowering Students Through Academic Excellence, Spiritual Growth, and Growth

OASIS Pen Pals: Mrs. Chastain's second-grade class met with their OASIS Pen Pals on Tuesday. These dedicated volunteers are retired ladies who generously give their time to write letters to our students, who enjoy writing back to them. The group began with a get-to-know-you activity and then worked together on a Saints Day project. They look forward to meeting face-to-face again in the spring. We are grateful to have 11 volunteers serving our 18 students, with some Pen Pals graciously working with two students.

North Missouri Outdoor Alliance Visits Fourth and Fifth Grades: Steve Shoot and Todd Rodenberg visited our fourth- and fifth-grade classrooms to introduce students to the North Missouri Outdoor Alliance and share the many outdoor adventures available to them. They invited students to write an essay about their favorite outdoor experience. A committee will judge the entries, and prizes will be awarded. The organization has previously donated books about the outdoors to our school library. We appreciate their efforts to encourage students to explore and enjoy the outdoors!

All Saints' Day Celebration: Thank you parents for dressing your children in saints' attire. Grades K–2 paraded through the school, giving older students an opportunity to admire their costumes and learn about the saints they represented. In the afternoon, classes participated in saint-themed activities, while our middle school students enjoyed a variety of track-and-field events. The celebration concluded with classroom parties and delicious treats provided by our generous parents. It was a fun and faith-filled day for everyone!

May God continue to bless you!
Pam Brobst, Principal

We have until November 27th to collect the items. Let's show them our support!
