We celebrated the **100th Day of School** on Tuesday, February 3. Teachers incorporated many fun activities into the day, relative to 100! Mrs. Chastain asked her second grade students what they would spend \$100 on if they had it. One young man wrote, **“If I had \$100, I would buy a truck, a 2000 acre farm, a deer stand, and a barn, and I would buy Mrs. Chastain a coffee.”**

Teachers also had fun talking about **Groundhog Day** with the students and how people all over the country tune in to see a little hairy weatherman predict whether spring will arrive early or if winter will be around for six more weeks. Unfortunately, he saw his shadow!

In honor of the **Feast Day of St. Blaise**, Father Koster went to the classrooms and blessed the throats of each student and staff member. The teachers had explained to the students that St. Blaise was said to have cured a child that was choking on a fish bone. St. Blaise was martyred because he wouldn't renounce his faith.

Mr. Sensenich and Mrs. Blattner took our fifth and sixth grade students to Blue Springs to participate in the **School of Economics** (similar to Exchange City). Students have learned many economic concepts, and their learning culminated with this field trip. Once there, students worked in teams to set up and run a full economy consisting of a Loan Department, Bank, Food shops, and Craft shops. It was a great learning experience!

May God bless you!
