Bishop Hogan Memorial School

Empowering Students Through Academic Excellence, Spiritual Growth, and Growth

A New Chapter for Bishop Hogan Memorial School!

There was great excitement at Bishop Hogan Memorial School as our students and staff finally moved out of their temporary classrooms and into their newly renovated classrooms in the main building! After two months of adjusting to temporary learning spaces, it was a joy to return to these refreshed classrooms

This milestone, along with the many important upgrades throughout our facilities, has been made possible by the generosity of so many people who have taken part in this project. We are deeply grateful for the prayers, financial support, volunteer hours, and commitment of everyone who believes in the mission and future of Bishop Hogan Memorial School. We are still asking for donations to pay for this project, but may God bless all who have already contributed! Although there is still work to be completed, it is truly amazing to see how far we have come!

Oct. 29: All Saint's Day celebration. Please have your child dress as a Saint they admire!

We are still looking for **vendors for the Holiday Bazaar.** If you are interested, please contact us at 660-646-0705.

May God continue to bless you!
Pam Brobst, Principal

Bishop Hogan is seeking **substitute teachers** and a **music teacher for**.2 days a week. Please contact the school office at 660-646-0705.

Basketball season is here! We're off to a great start! A big thank you to all our volunteers. Our basketball season wouldn't be possible without your time & support.

Don't forget to purchase your raffle tickets for the Squishy Basket, pictured above.

A special thank you to Pepsi for the awesome new sign displayed in our gym. We appreciate your support! (photo on right)

Mrs. Cranmer's 3rd grade class having fun with literacy centers: matching contractions, vowels, and digraphs. Also, playing a syllable game.

Mrs. Kim's students learned about how plants grow and what they need to thrive! They explored the life cycle of a plant, learned about different parts of a flower, and created two artificial gardens before planting their own beans.
